- Video Ranking
- What % of income should you invest into gold/silver?
- Have gold prices bottomed out?
- Various questions on the rotator
- Karatbars pricing vs. gold/silver eagles
- Holding gold vs. putting them internationally, etc.
- When is it okay to outsource marketing?
- Thoughts on shorting the S&P500 with long term put options.
 - Dollar cost averaging on shorts
- Retargeting pixels from banners
- How to buy shorts in the market? (vs. long)
 - On the major indices...you can do options
 - My favorites are:
 - Options
 - Really long term put options
 - Futures
 - Easier: Only buy or sell

- You can sell high and buy low later on
 - On the S&P500 I like doing emini
 - How do you determine how many months to go out?
- Is the economy a reflection of people's subconscious minds & energies?
- Since Rome, the idea of conquering to spread your empire...doing away.
- What will take place in the world economic system?
- Books:
 - The 500 Year Delta
- Grant Cardone's trying to get \$1M cash out of banks.
- Converting cash to gold and storing it
- Bank holiday...huge warning!
- What will happen with search terms and what will people be looking for as shit is hitting the fan?
- The future of bartering
- Why meditation is a MUST
